

# IF KNOWLEDGE COULD DRIVE YOU MAD

Professor Jeffrey Potts in  
*The Twilight Zone* (1986):

"The meaning of everything,  
man's purpose and destiny,  
life after death, God, the devil,  
existence, everything. And it  
is so simple. It is all so very  
simple."

"You want to know?"

*WOULD YOU WANT  
TO KNOW?*
